

# Runzhe Zhu

Shanghai University of Engineer Science  
Shanghai, China, 201602

 Personal Website  
 m025120503@sues.edu.cn

## Education

---

<b>Shanghai University of Engineering Science</b> <i>M.S. Artificial Intelligence</i>	Oct 2020 – Present <i>Shanghai, China</i>
<b>Zhejiang Shuren University</b> <i>B.S. Communication Engineering</i>	Oct 2016 – June 2020 <i>Hangzhou, Zhejiang, China</i>

## Research Experience

---

<b>Graduate Researcher</b> <i>Shanghai University Of Engineering Science</i> <ul style="list-style-type: none"><li>• Built a geo-localization benchmark dataset SUES-200 and shared it with community.</li><li>• Set a series of evaluation metrics for the SUES-200 to measure the robustness of different models.</li><li>• Established a representations fusion method based on multimodal and bilinear pooling achieves the SOTA results on existing datasets.</li></ul>	Oct 2020 – Present <i>Shanghai, China</i>
<b>Graduate Researcher</b> <i>Zhejiang Shuren University</i> <ul style="list-style-type: none"><li>• Analysis and Prediction of Postgraduate Entrance Examination Score Line Based on Artificial Neural Network</li></ul>	Oct 2019 – June 2020 <i>Hangzhou, Zhejiang, China</i>

## Work Experience

---

<b>Test Development Intern</b> <i>Qianxun Spatial Intelligence Inc.</i> <ul style="list-style-type: none"><li>• Participated in automated testing work through pipeline tools, such as Jenkins, and Pytest. Application of high-precision positioning equipment.</li></ul>	Jul 2022 - Sept 2022 <i>Shanghai, China</i>
<b>Teaching Assistant</b> <i>Shanghai University of Engineering Science</i> <ul style="list-style-type: none"><li>• Tutor undergraduate students to complete the graduation project.</li></ul>	Dec 2021 - Jun 2022 <i>Shanghai, China</i>

## Research Presentations in Progress

---

*SUES-200: A Multi-height Multi-scene Cross-view Image Matching Benchmark Across UAV and Satellite.* IEEE Transactions on Circuits and Systems for Video Technology. (1st author. Major Revision)  
arXiv Link

*UAV's Status is Worth Considering: A Fusion Representations Matching Method for Geo-localization.* Sensors (1st author. Published. Paper Link)

*WiTransformer: A Novel Robust WiFi Gesture Recognition Sensing Model.* IEEE Sensor Journal. (2nd author. In Peer Review)

## Awards & Honors

---

<b>The 16th China Post-graduate Electric Design Contest.</b> <i>Shanghai Second Prize</i>	2021
<b>"Huawei Cup" China Post-graduate Mathematic Contest in Modeling</b> <i>National Second Prize</i>	2021

### *Specialized Skills*

---

**Programming Languages:** Python (Proficient), C++ (Intermediate), Shell (Beginner)

**Deep Learning:** Pytorch (Proficient), Tensorflow (Intermediate)

**Data Analysis:** Pandas (Proficient), Numpy (Intermediate), Scikit-Learn (Beginner)

**Office:** MS Office (Proficient), LaTeX (Intermediate)
